NOTICE

TENTATIVE REVISED WASTE DISCHARGE REQUIREMENTS FOR

COUNTY OF SACRAMENTO

DEPARTMENT OF WASTE MANAGEMENT AND RECYCLING

KIEFER LANDFILL, CLASS III LANDFILLS

CONSTRUCTION, OPERATION, CLOSURE,

POST-CLOSURE MAINTENANCE, AND CORRECTIVE ACTION

SACRAMENTO COUNTY

TO ALL CONCERNED PERSONS AND AGENCIES:

The Regional Water Quality Control Board, Central Valley Region will consider adopting revised waste discharge requirements (WDRs) for the Kiefer Landfill at its meeting on **2/3 August 2007**. The proposed WDRs approve an alternative (evapotranspirative) final cover for Module M1, a liner performance demonstration for Module M3 and future modules, the acceptance of treated wood waste, changes to the detection monitoring program for surface water, and clarify leachate management alternatives.

Electronic copies of the proposed tentative WDRs and the Notice of Public Hearing are available for viewing and downloading on our website at www.waterboards.ca.gov/centralvalley/tentative.

The Notice of Public Hearing contains important information about the public hearing process. Electronic copies of the April 2000 Standard Provisions and Reporting Requirements that would be adopted as part of the WDRs may be obtained at www.waterboards.ca.gov/centralvalley/adopted_orders.

If you do not have access to the Internet or otherwise require paper copies of these documents to be sent to you, please contact Bill Brattain at (916) 464-4622 or by email at bbrattain@waterboards.ca.gov. Any comments or evidence you may have concerning the tentative revised WDRs must be submitted to this office by **21 June 2007** to the attention of Bill Brattain at the address listed above. Comments submitted after this date will not be accepted.

If you have any questions, please call Bill Brattain at (916) 464-4622.
